

# TUSHAR

Full Stack Developer | MERN Stack | Node.js | React.js | Next.js | Devops Fundamentals

Ph. No. : 9711644308 | email : tushar990022@gmail.com | LinkedIn: <https://www.linkedin.com/in/tushar-thakur-5a66a522b> | Github : <https://github.com/Tush-tec>

---

## PROFESSIONAL SUMMARY

---

Full Stack Developer with 1+ year of experience building scalable web applications using the MERN Stack, Next.js, and RESTful APIs. Delivered enterprise-grade systems including LDAP-integrated authentication portals and order management platforms. Hands-on with Docker, Kubernetes, and Linux-based deployment environments, with foundational AWS cloud exposure, actively bridging full stack development with DevOps practices. Proficient in Git-based workflows and driven to deepen expertise in CI/CD automation, Infrastructure as Code, and cloud-native architectures across AWS and beyond. Focused on building reliable, high-performance systems where development and operations converge.

## TECHNICAL SKILLS

---

**Frontend:** HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), React.js, Redux, Next.js, Three.js

**Backend:** Node.js, Express.js

**Databases:** MongoDB, MySQL, MS SQL Server

**Programming Language:** JavaScript

**DevOps & Tools:** Docker, Kubernetes, Linux, Git, GitHub, VS Code, Postman

**Architecture & Concepts:** MVC Architecture, RESTful APIs, Authentication & Authorization, LDAP Integration, RBAC

## PROFESSIONAL EXPERIENCE

---

**HORIBA India Pvt. Ltd. | Full Stack Developer (Trainee) | May 2025 – Present**

- Corporate Website: Built full-stack corporate site end-to-end — responsive UI, RESTful APIs, database design, and SEO/performance optimization.
- Distributor Order Management System: Developed enterprise app managing full order lifecycle with LDAP authentication, RBAC, and relational database design.
- Global Master Portal (Enterprise Mini-SAP): centralized platform replicating core SAP functions; MVC backend architecture, optimized queries, and secure SAP integration via LDAP.
- SSO Portal: Built LDAP-based unified authentication system with secure session handling, token validation, and auditable access control across internal apps.
- 3D Virtual Tour: Created immersive Three.js facility tour with real-time rendering, camera controls, and cross-device optimization, integrated into the company web ecosystem.

**TIES | Web Development Intern | January 2025 – March 2025**

- Managed day-to-day website operations including regular content updates, feature enhancements, and technical maintenance.

- Monitored website performance, identified and resolved technical issues to ensure consistent uptime and smooth user experience.
- Coordinated with cross-functional internal teams to implement content changes and maintain the organization's digital presence.

## EDUCATION

---

### **Bachelor of Arts (B.A.):**

- Institution: University of Delhi
- Duration: 2020 – 2023
- Specialization: History and Political Science

### **Diploma in Full Stack Development (MERN):**

- Institution: TGC India, Preet Vihar
- Duration: May 2024 – January 2025
- Key Skills: MERN Stack (MongoDB, Express.js, React.js, Node.js), RESTful API Development, State Management with Redux, Deployment, Git

### **DevOps Journey Certification:**

- Institution: Udemy
- Key Skills: Docker, Kubernetes, AKS, EKS, GKS

## ACHIEVEMENTS & RECOGNITION

---

- Received a formal Certificate of Appreciation from senior leadership — including Chairman & Director Mr. Hideyuki Koishi and President Dr. Rajeev Gautam — for exceptional contributions to the development of the HORIBA India corporate website.
